## **Acquisitions and Development Activity**

### Acquisitions

On August 28, 2025, the Company acquired a 138,125 square foot facility 100% leased to York Space Systems and located in Greenwood Village, Colorado. York Space Systems specializes in the mass production of standardized small satellite platforms, notably the S-Class satellite bus, which enables significant cost reductions and faster deployment times compared to traditional, custom-built satellites. York is one of several industry partners of the U.S. Space Development Agency (SDA). York - Greenwood was renovated-to-suit for York Space Systems in 2020 and includes clean rooms dedicated to the production of satellites and satellite components. The lease is structured as a triple net lease with annual escalations and expires in 2031. Prior to expiration, York Space Systems will have the option to extend the lease for 10 years at market terms.

### Development

On July 2, 2025, the Company acquired the land to develop an approximately 64,000 square foot laboratory in Fort Myers, Florida with a 25-year non-cancelable lease. FL - Ft. Myers is expected to be a two-story, built-to-suit facility on 8.29 acres of land strategically located adjacent to the I-75 Interstate Highway and north of Alico Road. The property will be leased to the Florida Department of Law Enforcement (FDLE) and will include state-of-the-art laboratories and a training center. Sitework is slated to commence in the third quarter of 2025 with an anticipated delivery date in the second half of 2026. Once delivered, a brand-new 25-year firm term lease will commence with the AAA-rated State of Florida for the benefit of the FDLE.

## **Balance Sheet and Capital Markets Activity**

As of September 30, 2025, the Company had total indebtedness of approximately \$1.6 billion comprised of \$170.9 million outstanding on its senior unsecured revolving credit facility, \$100.0 million outstanding on its 2016 term loan facility, \$200.0 million outstanding on its 2018 term loan facility, \$1.0 billion of senior unsecured notes, and \$152.9 million of mortgage debt (excluding unamortized premiums and discounts and deferred financing fees). The Company's outstanding debt had a weighted average maturity of 4.4 years and a weighted average interest rate of 4.7%. Further, the Company's Net Debt to total enterprise value was 59.9% and its Adjusted Net Debt to annualized quarterly pro forma EBITDA ratio was 7.2x.

On August 21, 2025, the Company amended the 2018 Term Loan. Easterly upsized the 2018 Term Loan from \$174.5 million to \$200.0 million and extended the maturity date from July 23, 2026 to August 21, 2028. Further, the Company may exercise at its discretion two one-year extension options, subject to certain conditions, thus extending the maturity date as late as August 21, 2030. Easterly further secured increased borrowing capacity with an accordion feature that provides the Company with additional capacity, subject to the satisfaction of customary terms and conditions, of up to \$100.0 million. Borrowings under the 2018 Term Loan will continue to bear interest at a rate of SOFR, a credit spread adjustment of 0.10%, plus a spread of 1.20% to 1.70%, depending on the Company's leverage ratio.

## Dividend

## Non-GAAP Supplemental Financial Measures

This section contains definitions of certain non-GAAP financial measures and other terms that the Company uses in this press release and, where applicable, the reasons why management believes these non-GAAP financial measures provide useful information to investors about the Company's financial condition and results

of operations and the other purposes for which management uses the measures. These measures should not be considered in isolation or as a substitute for measures of performance in accordance with GAAP. A reconciliation of the differences between each non-GAAP financial measure and the comparable GAAP financial measure are included in this press release following the consolidated financial statements. Additional detail can be found in the Company's most recent annual report on Form 10-K and quarterly report on Form 10-Q, as well as other documents filed with or furnished to the Securities and Exchange Commission from time to time. We present certain financial information and metrics "at Easterly's Share," which is calculated on an entity-by-entity basis. "At Easterly's Share" information, which we also refer to as being "at share," "pro rata," or "our share" is not, and is not intended to be, a presentation in accordance with GAAP.

**Cash Available for Distribution (CAD)** is a non-GAAP financial measure that is not intended to represent cash flow for the period and is not indicative of cash flow provided by operating activities as determined under GAAP. CAD is calculated in accordance with the current Nareit definition as FFO minus normalized recurring real estate-related expenditures and other non-cash items, nonrecurring expenditures and the unconsolidated real estate venture's allocated share of these adjustments. CAD is presented solely as a supplemental disclosure because the Company believes it provides useful information regarding the Company's ability to fund its dividends. Because all companies do not calculate CAD the same way, the presentation of CAD may not be comparable to similarly titled measures of other companies.

**Core Funds from Operations (Core FFO)** adjusts FFO to present an alternative measure of the Company's operating performance, which, when applicable, excludes items which it believes are not representative of ongoing operating results, such as liability management related costs (including losses on extinguishment of debt and modification costs), catastrophic event charges, depreciation of non-real estate assets, provision for (recovery of) credit losses, and the unconsolidated real estate venture's allocated share of these adjustments. In future periods, the Company may also exclude other items from Core FFO that it believes may help investors compare its results. The Company believes Core FFO more accurately reflects the ongoing operational and financial performance of the Company's core business.

**EBITDA** is calculated as the sum of net income (loss) before interest expense, taxes, depreciation and amortization, (gain) loss on the sale of operating properties, impairment loss, and the unconsolidated real estate venture's allocated share of these adjustments. EBITDA is not intended to represent cash flow for the period, is not presented as an alternative to operating income as an indicator of operating performance, should not be considered in isolation or as a substitute for measures of performance prepared in accordance with GAAP, is not indicative of operating income or cash provided by operating activities as determined under GAAP and may be presented on a pro forma basis. EBITDA is presented solely as a supplemental disclosure with respect to liquidity because the Company believes it provides useful information regarding the Company's ability to service or incur debt. Because all companies do not calculate EBITDA the same way, the presentation of EBITDA may not be comparable to similarly titled measures of other companies.

**Funds From Operations (FFO)** is defined, in accordance with the Nareit FFO White Paper - 2018 Restatement, as net income (loss), calculated in accordance with GAAP, excluding depreciation and amortization related to real estate, gains and losses from the sale of certain real estate assets, gains and losses from change in control and impairment write-downs of certain real estate assets and investments in entities when the impairment is directly attributable to decreases in the value of depreciable real estate held by the entity. FFO includes the Company's share of FFO generated by unconsolidated affiliates. FFO is a widely recognized measure of REIT performance. Although FFO is a non-GAAP financial measure, the Company believes that information regarding FFO is helpful to shareholders and potential investors.

**Net Debt and Adjusted Net Debt** Net Debt represents the Company's consolidated debt and its share of unconsolidated debt adjusted to exclude its share of unamortized premiums and discounts and deferred financing fees, less its share of cash and cash equivalents and property acquisition closing escrow, net of

deposit. By excluding these items, the result provides an estimate of the contractual amount of borrowed capital to be repaid, net of cash available to repay it. The Company believes this calculation constitutes a beneficial supplemental non-GAAP financial disclosure to investors in understanding its financial condition. Adjusted Net Debt is Net Debt reduced by 1) for each project under construction or in design, the lesser of i) outstanding lump-sum reimbursement amounts and ii) the cost to date, 2) 40% times the amount by which the cost to date exceeds total lump-sum reimbursement amounts for each project under construction or in design and 3) outstanding lump-sum reimbursement amounts for projects previously completed. These adjustments are made to 1) remove the estimated portion of each project under construction, in design or previously completed that has been financed with debt which may be repaid with outstanding cost reimbursement payments from the US Government and 2) remove the estimated portion of each project under construction or in design, in excess of total lump-sum reimbursements, that has been financed with debt but has not yet produced earnings. See page 27 of the Company's Q3 2025 Supplemental Information Package for further information. The Company's method of calculating Net Debt and Adjusted Net Debt may be different from methods used by other REITs and may be presented on a pro forma basis. Accordingly, the Company's method may not be comparable to such other REITs.

### **Other Definitions**

**Fully diluted basis** assumes the exchange of all outstanding common units representing limited partnership interests in the Company's operating partnership, or common units, the full vesting of all shares of restricted stock, and the exchange of all earned and vested LTIP units in the Company's operating partnership for shares of common stock on a one-for-one basis, which is not the same as the meaning of "fully diluted" under GAAP.

### **Conference Call Information**

The Company will host a webcast and conference call at 11:00 am Eastern time on October 27, 2025 to review the third quarter 2025 performance, discuss recent events and conduct a question-and-answer session. A live webcast will be available in the Investor Relations section of the Company's website.
