2022 Acquisitions and Dispositions

Acquisitions

On April 1, 2022, the Company acquired, through the JV, a VA mental health clinic located in Birmingham, Alabama ("VA - Birmingham"). VA - Birmingham, a 77,128 leased square foot mental health clinic, was the fifth property to be acquired in the VA Portfolio. VA - Birmingham provides enhanced services for the approximately 25,000 veterans in the surrounding region that were not previously offered in the former VA medical center. VA - Birmingham is leased directly to the VA pursuant to a 20-year lease that does not expire until October 2041.

On May 10, 2022, the Company acquired a 161,730 leased square foot Federal Records Center occupied by the National Archives and Records Administration (NARA) located in the Denver Metropolitan region ("NARA - Broomfield"). NARA - Broomfield, a build-to-suit warehouse constructed in 2012, is 100% leased to the GSA on behalf of NARA pursuant to a 20-year lease, which does not expire until May 2032. NARA - Broomfield is one of 18 facilities strategically located throughout the country that holds permanent and temporary records created by Federal agencies and courts across seven states. To ensure the preservation of these important documents, NARA - Broomfield was specifically constructed to the exact needs of the National Archives, providing for optimal environmental controls, including the ability to maintain certain set points for both temperature and humidity.

On May 18, 2022, the Company acquired a field office occupied by the Federal Bureau of Investigation (FBI) located in Tampa, Florida (“FBI - Tampa”). FBI - Tampa is a 138,000 leased square foot FBI field office which oversees federal operations across 18 counties through six satellite offices in Brevard, Fort Myers, Lakeland, Orlando, Pinellas, and Sarasota, Florida. This build-to-suit property was completed in 2005 and is 100% leased to the GSA for the beneficial use of the FBI until November 2040. The FBI - Tampa field office is enhanced by a number of security features, including but not limited to perimeter fencing, controlled access, blast protection, security setbacks, vehicle barriers, magnetometers, and SCIF space.

On May 20, 2022, the Company acquired, through the JV, a VA outpatient facility located in Marietta, Georgia (“VA - Marietta”). At 76,882 leased square feet, VA - Marietta was the sixth property acquired in the VA Portfolio. The facility serves approximately 17,000 veterans who receive services in Cobb County and provides specialized support, including primary care, mental health, radiology, audiology, eye, and dental care. VA - Marietta is leased directly to the VA pursuant to a 20-year lease that does not expire until December 2041.

On July 14, 2022, the Company acquired, through the JV, a 67,793 leased square foot VA outpatient facility in Columbus, Georgia (“VA - Columbus”). With a 20-year non-cancelable lease term, VA - Columbus was the seventh property to be acquired in the VA Portfolio and provides an enhanced range of services to the approximately 30,000 surrounding veterans that reside close to the Georgia-Alabama state line.

On August 23, 2022, the Company acquired a 28,900 leased square foot U.S. District courthouse in Council Bluffs, Iowa (“JUD - Council Bluffs”). JUD - Council Bluffs is a build-to-suit facility constructed in 2021 and is 100% leased to the GSA on behalf of the U.S. District Court under a 20-year non-cancelable lease that does not expire until December 2041. The lease also features two five-year renewal options that, if exercised, would extend the lease until December 2051. The recently constructed facility is occupied by all three branches of government: the Judiciary includes a district clerk’s office, a bankruptcy clerk’s office, a probation and pre-trial services office, and the public defender’s office. Offices for both the US Attorneys and US Marshals Service represent the Executive Branch. Finally, district offices for Iowa’s two U.S. Senators represent the Legislative Branch.

On November 22, 2022, the Company acquired, through the JV, a brand new 257,294 leased square foot outpatient facility leased to the VA located in Phoenix, Arizona. Serving as one of the nation's largest VA outpatient facilities, VA - Phoenix was the eighth property acquired in the VA Portfolio. This five-story building with a 20-year non-cancelable lease term that does not expire until February 2042 is expected to serve half a million veterans. The facility includes multispecialty and telehealth clinics, an education center, pathology, and imaging. The second floor of the facility houses one of the largest outpatient mental health clinics in the region.

As of December 31, 2022, the Company had total indebtedness of approximately \$1.3 billion comprised of \$65.5 million outstanding on its revolving credit facility, \$100.0 million outstanding on its 2016 term loan facility, \$150.0 million outstanding on its 2018 term loan facility, \$700.0 million of senior unsecured notes, and \$240.6 million of mortgage debt (excluding unamortized premiums and discounts and deferred financing fees). At December 31, 2022, Easterly's outstanding debt had a weighted average maturity of 5.6 years and a weighted average interest rate of 3.7%. As of December 31, 2022, Easterly's Net Debt to total enterprise value was 45.9% and its Adjusted Net Debt to annualized quarterly pro forma EBITDA ratio was 7.1x.

As of the date of this release, the Company expects to receive aggregate net proceeds of approximately \$92.5 million from the sale of an aggregate of 4,259,000 shares of the Company's common stock that have not yet been settled, including 2,309,000 shares pursuant to the Offering, and 1,950,000 shares from sales under the Company's December 2019 ATM Program, assuming these forward sales transactions are physically settled in full using a net weighted average combined initial forward sales price of \$21.72 per share.

Dividend

On February 22, 2023, the Board of Directors of Easterly approved a cash dividend for the fourth quarter of 2022 in the amount of \$0.265 per common share. The dividend will be payable March 21, 2023 to shareholders of record on March 9, 2023.

Subsequent Events and Pro Forma Metrics

On January 26, 2023, the Company paid off the full \$15.7 million outstanding balance of the mortgage on DEA - Pleasanton.

On February 3, 2023 the Company entered into three SOFR-based interest rate swaps, each with a notional value of \$100.0 million, that were designated as cash flow hedges of interest rate risk. These interest rate swaps will become effective as the Company's existing swaps mature in June and September 2023, and will mature in 2024 and 2025. As a result of the interest rate swaps entered into on February 3, 2023, and by assuming a fully drawn 2018 term loan facility balance of \$200.0 million, the Company extended the maturity of its interest rate swaps from a weighted average maturity of less than six months to a weighted average maturity of over 25 months, effectively extending the certainty of the Company's fixed rate 2016 and 2018 term loan schedules by more than 19 months.

Guidance

This guidance is forward-looking and reflects management's view of current and future market conditions. The Company's actual results may differ materially from this guidance.

Outlook for the 12 Months Ending December 31, 2023

The Company is introducing its guidance for full-year 2023 Core FFO per share on a fully diluted basis in a range of \$1.12 - \$1.15. The Company has historically presented guidance for FFO, as defined by Nareit, but believes Core FFO more accurately reflects the ongoing operational and financial performance of the Company's core business.

	Low	High
Net income (loss) per share – fully diluted basis	\$ 0.19	0.22
Plus: Company's share of real estate depreciation and amortization	\$ 0.92	0.92
FFO per share – fully diluted basis	\$ 1.11	1.14
Plus: Company's share of depreciation of non-real estate assets	\$ 0.01	0.01
Core FFO per share – fully diluted basis	\$ 1.12	1.15

This guidance assumes (i) the closing of VA - Corpus Christi, a property within the VA Portfolio, at the Company's pro rata share of approximately \$21 million, and (ii) up to \$15 million of gross development-related investment during 2023.

A reconciliation of 2022 and 2021 FFO to Core FFO can be found on Page 12 of this Earnings Release.

Non-GAAP Supplemental Financial Measures

This section contains definitions of certain non-GAAP financial measures and other terms that the Company uses in this press release and, where applicable, the reasons why management believes these non-GAAP financial measures provide useful information to investors about the Company's financial condition and results of operations and the other purposes for which management uses the measures. These measures should not be considered in isolation or as a substitute for measures of performance in accordance with GAAP. A reconciliation of the differences between each non-GAAP financial measure and the comparable GAAP financial measure are included in this press release following the consolidated financial statements. Additional detail can be found in the Company's most recent annual report on Form 10-K and quarterly report on Form 10-Q, as well as other documents filed with or furnished to the Securities and Exchange Commission from time to time. We present certain financial information and metrics "at Easterly's Share," which is calculated on an entity-by-entity basis. "At Easterly's Share" information, which we also refer to as being "at share," "pro rata," or "our share" is not, and is not intended to be, a presentation in accordance with GAAP.

Cash Available for Distribution (CAD) is a non-GAAP financial measure that is not intended to represent cash flow for the period and is not indicative of cash flow provided by operating activities as determined under GAAP. CAD is calculated in accordance with the current Nareit definition as FFO minus normalized recurring real estate-related expenditures and other non-cash items, nonrecurring expenditures and the unconsolidated real estate venture's allocated share of these adjustments. CAD is presented solely as a supplemental disclosure because the Company believes it provides useful information regarding the Company's ability to fund its dividends. Because all companies do not calculate CAD the same way, the presentation of CAD may not be comparable to similarly titled measures of other companies.

Core Funds from Operations (Core FFO) adjusts FFO to present an alternative measure of the Company's operating performance, which, when applicable, excludes items which it believes are not representative of ongoing operating results, such as liability management related costs (including losses on extinguishment of debt and modification costs), catastrophic event charges, depreciation of non-real estate assets, and the unconsolidated real estate venture's allocated share of these adjustments. In future periods, the Company may also exclude other items from Core FFO that it believes may help investors compare its results. The Company

believes Core FFO more accurately reflects the ongoing operational and financial performance of the Company's core business.

EBITDA is calculated as the sum of net income (loss) before interest expense, taxes, depreciation and amortization, (gain) loss on the sale of operating properties, impairment loss, and the unconsolidated real estate venture's allocated share of these adjustments. EBITDA is not intended to represent cash flow for the period, is not presented as an alternative to operating income as an indicator of operating performance, should not be considered in isolation or as a substitute for measures of performance prepared in accordance with GAAP, is not indicative of operating income or cash provided by operating activities as determined under GAAP and may be presented on a pro forma basis. EBITDA is presented solely as a supplemental disclosure with respect to liquidity because the Company believes it provides useful information regarding the Company's ability to service or incur debt. Because all companies do not calculate EBITDA the same way, the presentation of EBITDA may not be comparable to similarly titled measures of other companies.

Funds From Operations (FFO) is defined, in accordance with the Nareit FFO White Paper - 2018 Restatement, as net income (loss), calculated in accordance with GAAP, excluding depreciation and amortization related to real estate, gains and losses from the sale of certain real estate assets, gains and losses from change in control and impairment write-downs of certain real estate assets and investments in entities when the impairment is directly attributable to decreases in the value of depreciable real estate held by the entity. FFO includes the Company's share of FFO generated by unconsolidated affiliates. FFO is a widely recognized measure of REIT performance. Although FFO is a non-GAAP financial measure, the Company believes that information regarding FFO is helpful to shareholders and potential investors.

Funds From Operations, as Adjusted (FFO, as Adjusted) adjusts FFO to present an alternative measure of the Company's operating performance, which, when applicable, excludes the impact of losses on extinguishment of debt, depreciation of non-real estate assets, acquisition costs, straight-line rent and other non-cash adjustments, amortization of deferred revenue (which results from landlord assets funded by tenants), non-cash interest expense, non-cash compensation, amortization of above-/below-market leases, and the unconsolidated real estate venture's allocated share of these adjustments. By excluding these income and expense items from FFO, as Adjusted, the Company believes it provides useful information as these items have no cash impact. In addition, by excluding acquisition related costs the Company believes FFO, as Adjusted provides useful information that is comparable across periods and more accurately reflects the operating performance of the Company's properties.

Net Debt and Adjusted Net Debt. Net Debt represents the Company's consolidated debt and its share of unconsolidated debt adjusted to exclude its share of unamortized premiums and discounts and deferred financing fees, less its share of cash and cash equivalents and property acquisition closing escrow, net of deposit. By excluding these items, the result provides an estimate of the contractual amount of borrowed capital to be repaid, net of cash available to repay it. The Company believes this calculation constitutes a beneficial supplemental non-GAAP financial disclosure to investors in understanding its financial condition. Adjusted Net Debt is Net Debt reduced by 1) for each project under construction or in design, the lesser of i) outstanding lump-sum reimbursement amounts and ii) the cost to date, 2) 40% times the amount by which the cost to date exceeds total lump-sum reimbursement amounts for each project under construction or in design and 3) outstanding lump-sum reimbursement amounts for projects previously completed. These adjustments are made to 1) remove the estimated portion of each project under construction, in design or previously completed that has been financed with debt which may be repaid with outstanding cost reimbursement payments from the US Government and 2) remove the estimated portion of each project under construction or in design, in excess of total lump-sum reimbursements, that has been financed with debt but has not yet produced earnings. See page 25 of the Company's Q4 2022 Supplemental Information Package for further information. The Company's method of calculating Net Debt and Adjusted Net Debt may be different from methods used by other REITs and may be

presented on a pro forma basis. Accordingly, the Company's method may not be comparable to such other REITs.

Other Definitions

Fully diluted basis assumes the exchange of all outstanding common units representing limited partnership interests in the Company's operating partnership, or common units, the full vesting of all shares of restricted stock, and the exchange of all earned and vested LTIP units in the Company's operating partnership for shares of common stock on a one-for-one basis, which is not the same as the meaning of "fully diluted" under GAAP.
